

Nature lover

or

Language lover?

Here's an enchanting holiday that brings out the both in you.

Yes, our fun-loving, but brilliant, language experts will help you master an exotic European language amidst lush green woods and blue-grey mountains in the folds of Uttarakhand. Not just that, you get to perform rustic chores—apple picking, gardening, collecting fire wood—that will only bring you close to Mother Nature.

We also promise you a whole week of fun like folksongs, music, trekking, bonfires, moonlit dinners, —a bouquet of charming moments that you will always cherish.

This holiday is ideal for students, professionals, entrepreneurs and everybody who loves languages and landscapes.
